## **Handbook of Project Management Procedures** Albert Hamilton

The definitive guide presents a comprehensive set of step-by-step best practice procedures for managing any type of project from concept to completion. This is the book that everyone involved in projects has been waiting for, but until now has not been available. It is not academic. It is not of a general nature. This is the first, definitive, practical, project management book that provides working standards and practices in the recognised project management areas.
