Last spring, Lena discovered who she was. Now all she wants to do is move on—and find a way to be with Tarek, the new Warden of Arcus and the love of her life. Even though worlds separate them now, she holds onto the hope they'll be together again. Until then, Lena focuses on being truly happy for the first time in her life...this life. She has new friends, an apartment free from her abusive father, and the chance to live a normal life. But for Lena, the past never stays gone. A woman from another lifetime reveals Cassandra, Exemplian's new authority commander, is seeking revenge against Tarek for killing her brother. There is only one way to end this new threat... This time, it will take more than Wilma to keep the monsters away. It'll take an entire army—an army who remembers Lena from her past life, and who might just want her dead, too. Lena's past will shape her future more than she could ever imagine.
