## Acupuncture Therapeutics (International Acupuncture Textbooks)

Acupuncture therapeutics, the clinical application of the basic theories of traditional Chinese medicine, is at the heart of the treatment process. This book provides comprehensive information both on the basics of administering treatment, and on specific process for particular illnesses and complaints. The authors outline the functions of acupuncture within the wider context of traditional Chinese medicine, and the principles involved in identifying and treating different syndromes. A large portion of the book describes specific treatments for more than 130 different conditions, including headaches and angina, asthma, depressive disorders, dementia, and acne. This comprehensive book, compiled by the prestigious China Beijing International Acupuncture Training Center (CBIATC), will be an excellent reference for the advanced student or practitioner of traditional Chinese medicine.
