Wild Things Jennifer Ashley

Wolf Shifter Mason McNaughton is tired of the crazy feral living in his house, endangering him, his brothers, and his sweet auntie Cora. Ferals are Shifters who've reverted to the wild stage, forgetting all about the joys of pizza and satellite TV. Not to mention, Mason is sick of waking up to the feral's rampages in the bedroom next to his. The feral has been given sanctuary, so Mason can't throw him out—the only thing to do is to find a way to cure him.

The problem is, Shifter healers—elusive, Goddess-touched Shifters who have the healing gift—are few and far between. Mason volunteers to go in search of one, and is sent to a psychic in New Orleans who might have an idea of where to start looking.

Mason doesn't believe in psychics, but Jasmine, the psychic in question, seems to at least put on a good show. Jasmine believes in Shifters all right, but she vowed to never have anything to do with them again.

The easiest way to get rid of the growly Lupine, Mason, is to help him, but Jasmine never dreams what that help will drag her into.

A short novel of the Shifters Unbound series.

From reader reviews:

Patricia Stewart:

The book Wild Things can give more knowledge and also the precise product information about everything you want. Exactly why must we leave a very important thing like a book Wild Things? A number of you have a different opinion about guide. But one aim in which book can give many data for us. It is absolutely right. Right now, try to closer with your book. Knowledge or facts that you take for that, you may give for each other; it is possible to share all of these. Book Wild Things has simple shape nevertheless, you know: it has great and massive function for you. You can search the enormous world by wide open and read a reserve. So it is very wonderful.

Bertram Staten:

As people who live in the particular modest era should be upgrade about what going on or information even knowledge to make all of them keep up with the era that is certainly always change and move forward. Some of you maybe may update themselves by studying books. It is a good choice for you but the problems coming to an individual is you don't know which you should start with. This Wild Things is our recommendation to help you keep up with the world. Why, because book serves what you want and need in this era.

Thomas Garrett:

Spent a free the perfect time to be fun activity to do! A lot of people spent their sparetime with their family, or their very own friends. Usually they performing activity like watching television, likely to beach, or picnic inside park. They actually doing same thing every week. Do you feel it? Do you want to something different to fill your own free time/ holiday? May be reading a book may be option to fill your free time/ holiday. The first thing that you'll ask may be what kinds of e-book that you should read. If you want to try look for book, may be the publication untitled Wild Things can be fine book to read. May be it is usually best activity to you.

Roberta Lawrence:

Is it a person who having spare time subsequently spend it whole day by simply watching television programs or just resting on the bed? Do you need something new? This Wild Things can be the solution, oh how comes? It's a book you know. You are consequently out of date, spending your extra time by reading in this completely new era is common not a geek activity. So what these books have than the others?
