Ancient Near Eastern Texts Relating to the Old Testament James B. (editor) Pritchard

Twelve of the highest regarded scholars of the ancient Near East have provided an excellent, well-indexed, and annotated selection of the known historical and literary materials written in seven languages from the Near East during more than two thousand years. This second edition of the ground breaking work is enlarged to include corrections and revisions. Each translation is preceded by a short introduction giving the nature and significance of the document, the place where it was found and its date.
