Handbook of Education Politics and Policy

Handbook of Education Politics and Policy

Written by a mix of established and rising stars in school politics, policy, law, finance, and reform this comprehensive *Handbook* provides a three part framework that helps organize this relatively new and loosely organized field of study. A central theme running through the book is how to harness politics to school equity and improvement.

Key features include:

Thematic Discussions – detailed discussions of key topics in educational politics are organized by themes and competing perspectives. The overarching themes are 1) the goals of the U.S. political system (justice, equity, opportunity, efficiency and choice); 2) the means and resources for reaching these goals; and 3) the political behaviors and compromises that seek to mitigate ideological differences and conflicts of interest.

Research Oriented – in addition to summarizing the latest research connected to key topics, each chapter exemplifies and reports on the methods and techniques for further exploration of these topics.

Reform Oriented – throughout the book and especially in the summarizing chapter, authors provide suggestions for improving the political behaviors of key educational groups and individuals: unions, superintendents, politicians, school boards, teachers, and parents.

As a scholar exactly feel bored to help reading. If their teacher inquired them to go to the library or even make summary for some guide, they are complained. Just little students that has reading's heart and soul or real their leisure activity. They just do what the instructor want, like asked to the library. They go to generally there but nothing reading significantly. Any students feel that looking at is not important, boring as well as can't see colorful pictures on there. Yeah, it is being complicated. Book is very important for you personally. As we know that on this time, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. So , this Handbook of Education Politics and Policy can make you truly feel more interested to read.
