Revisited Bailly Morse

Noah expects his vacation in England to be uneventful. But then he crashes into Olivia's car. With their first meeting anything but cordial, and their clashing personalities, Noah is eager to run the other way. That is, until a chance encounter at a medieval castle sends the pair hurtling back to experience their past lives... as the married Earl and Countess Northchester. When their day in the 14th century ends in murder, and they return to an altered present, they believe that their strange encounter is over. But then it happens all over again. Revisited blends history and clever humor to create an unconventional romance told through the eyes of two witty and engaging characters.
