Used books, rentals, and purchases made outside of Pearson

If purchasing or renting from companies other than Pearson, the access codes for Pearson's MyLab & Mastering products may not

be included, may be incorrect, or may be previously redeemed. Check with the seller before completing your purchase.

For one or two semester biochemistry courses (science majors).

This package includes MasteringChemistry®.

A highly visual, precise and fresh approach to guide today's mixed-science majors to a deeper understanding of biochemistry

Biochemistry: Concepts and Connections engages students in the rapidly evolving field of biochemistry, better preparing them for the challenges of 21st century science through quantitative reasoning skills and a rich, chemical perspective on biological processes.

This concise first edition teaches mixed-science-majors the chemical logic underlying the mechanisms, pathways, and processes in living cells through groundbreaking biochemical art and a clear narrative that illustrates biochemistry's relation to all other life sciences. Integration of biochemistry's experimental underpinnings alongside the presentation of modern techniques encourages students to appreciate and consider how their understanding of biochemistry can and will contribute to solving problems in medicine, agricultural sciences, environmental sciences, and forensics.

The text is fully integrated with MasteringChemistry to provide support for students before, during, and after class. Highlights include interactive animations and tutorials based on the textbook's biochemical art program and Foundation Figures to help students visualize complex processes, apply, and test conceptual understanding as well as quantitative reasoning.

Superior support beyond the classroom with MasteringChemistry

MasteringChemistry from Pearson is the leading online homework, tutorial, and assessment system, designed

to improve results by engaging students before, during, and after class with powerful content. Instructors ensure students arrive prepared by assigning interaction with relevant biochemical concepts before class, and encourage critical thinking, visualization, and retention with in-class resources such as Learning Catalytics™. Students can further master concepts after class by interacting with biochemistry animations, problem sets, and tutorial assignments that provide hints and answer-specific feedback. The Mastering gradebook records scores for all automatically graded assignments in one place, while diagnostic tools give instructors access to rich data to assess student understanding and misconceptions.

Mastering brings learning full circle by continuously adapting to each student and making learning more personal than ever—before, during, and after class.

From reader reviews:

Jerry Gavin:

Nowadays reading books be than want or need but also work as a life style. This reading addiction give you lot of advantages. Advantages you got of course the knowledge your information inside the book that will improve your knowledge and information. The details you get based on what kind of guide you read, if you want drive more knowledge just go with education books but if you want truly feel happy read one having theme for entertaining like comic or novel. Often the Biochemistry: Concepts and Connections Plus MasteringChemistry with eText -- Access Card Package is kind of reserve which is giving the reader unstable experience.

William Deck:

You are able to spend your free time to see this book this e-book. This Biochemistry: Concepts and Connections Plus MasteringChemistry with eText -- Access Card Package is simple bringing you can read it in the park, in the beach, train and soon. If you did not have got much space to bring typically the printed book, you can buy typically the e-book. It is make you much easier to read it. You can save typically the book in your smart phone. Therefore there are a lot of benefits that you will get when one buys this book.

Katherine Belcher:

You can obtain this Biochemistry: Concepts and Connections Plus MasteringChemistry with eText -- Access Card Package by check out the bookstore or Mall. Merely viewing or reviewing it may to be your solve challenge if you get difficulties for ones knowledge. Kinds of this reserve are various. Not only by means of written or printed but can you enjoy this book by e-book. In the modern era like now, you just looking because of your mobile phone and searching what their problem. Right now, choose your own ways to get more information about your publication. It is most important to arrange you to ultimately make your knowledge are still change. Let's try to choose appropriate ways for you.

Jose Pina:

Some people said that they feel bored when they reading a guide. They are directly felt this when they get a half areas of the book. You can choose the book Biochemistry: Concepts and Connections Plus MasteringChemistry with eText -- Access Card Package to make your current reading is interesting. Your own skill of reading proficiency is developing when you including reading. Try to choose straightforward book to make you enjoy to learn it and mingle the opinion about book and reading especially. It is to be 1st opinion for you to like to open a book and read it. Beside that the publication Biochemistry: Concepts and Connections Plus MasteringChemistry with eText -- Access Card Package can to be your brand new friend when you're really feel alone and confuse with the information must you're doing of that time.
