Parmenides: I never said Being

Michael M Nikolettseas

Parmenides: I never said Being Michael M Nikolettseas

A new, groundbreaking interpretation of Parmenides from the perspective of natural science. The Parmenidean "eon" does not refer to "Being" but to a formal language that must be used for a science of Physics. A milestone in Philosophy.

From reader reviews:

Anthony Youngblood:

What do you consider book? It is just for students since they are still students or it for all people in the world, the actual best subject for that? Only you can be answered for that issue above. Every person has different personality and hobby for every other. Don't be obligated someone or something that they don't would like do that. You must know how great as well as important the book Parmenides: I never said Being. All type of book would you see on many resources. You can look for the internet sources or other social media.

Travis Pope:

Playing with family in a very park, coming to see the coastal world or hanging out with close friends is thing that usually you might have done when you have spare time, and then why you don't try thing that really opposite from that. Just one activity that make you not sensation tired but still relaxing, trilling like on roller coaster you already been ride on and with addition of information. Even you love Parmenides: I never said Being, you could enjoy both. It is good combination right, you still want to miss it? What kind of hang type is it? Oh seriously its mind hangout men. What? Still don't have it, oh come on its referred to as reading friends.

Curtis Phillips:

The book untitled Parmenides: I never said Being contain a lot of information on this. The writer explains your ex idea with easy approach. The language is very straightforward all the people, so do not necessarily worry, you can easy to read the item. The book was compiled by famous author.
