Electric Machinery

A. E. Fitzgerald, Charles Kingsley Jr., Stephen Umans

Electric Machinery A. E. Fitzgerald, Charles Kingsley Jr., Stephen Umans

The exciting new sixth edition of *Electric Machinery* has been extensively updated while retaining the emphasis on fundamental principles and physical understanding that has been the outstanding feature of this classic book.

This book covers fundamental concepts in detail as well as advanced topics for readers who wish to cover the material in more depth.

Several new chapters have been added, including a chapter on power electronics, as well as one on speed and torque control of dc and ac motors. This edition has also been expanded with additional examples and practice problems. The use of MATLAB has been introduced to the new edition, both in examples within the text as well as in the chapter problems.

From reader reviews:

Frank Craver:

Within other case, little men and women like to read book Electric Machinery. You can choose the best book if you love reading a book. As long as we know about how is important a new book Electric Machinery. You can add understanding and of course you can around the world by the book. Absolutely right, due to the fact from book you can realize everything! From your country until finally foreign or abroad you will end up known. About simple point until wonderful thing it is possible to know that. In this era, we are able to open a book or even searching by internet system. It is called e-book. You can use it when you feel bored to go to the library. Let's read.

Kevin Porter:

Book is to be different per grade. Book for children until finally adult are different content. To be sure that book is very important for all of us. The book Electric Machinery ended up being making you to know about other information and of course you can take more information. It is rather advantages for you. The e-book Electric Machinery is not only giving you a lot more new information but also being your friend when you feel bored. You can spend your own spend time to read your reserve. Try to make relationship with all the book Electric Machinery. You never feel lose out for everything when you read some books.

Lena Lewis:

Information is provisions for folks to get better life, information these days can get by anyone at everywhere. The information can be a knowledge or any news even an issue. What people must be consider when those information which is inside the former life are challenging be find than now's taking seriously which one works to believe or which one typically the resource are convinced. If you obtain the unstable resource then you understand it as your main information there will be huge disadvantage for you. All those possibilities will not happen throughout you if you take Electric Machinery as the daily resource information.

Jerry Schooler:

Your reading sixth sense will not betray an individual, why because this Electric Machinery reserve written by well-known writer whose to say well how to make book which might be understand by anyone who also read the book. Written within good manner for you, leaking every ideas and writing skill only for eliminate your hunger then you still hesitation Electric Machinery as good book but not only by the cover but also with the content. This is one book that can break don't ascertain book by its cover, so do you still needing another sixth sense to pick this specific!?! Oh come on your looking at sixth sense already told you so why you have to listening to an additional sixth sense.
