Encourage your child to enhance their first grade skills while having fun at the same time! Our 7-year-old son Caleb helped choose the activities and designs for this book. Caleb wanted an activity book with more coloring pages at the beginning and writing pages at the end. Caleb loves coloring in mandalas so he recommended putting mandalas in the book for advanced first grades who are getting ready to go into the section grade. The mandalas are placed near the end of the book.

This book includes lots of activities that gradually advance as your first grade student progresses throughout the school year. You'll also find a wide variety of games and activities in this book.

School Themed Coloring Pages

The first few introduction pages of this activity book feature school-themed coloring pages with a message that says "Welcome to First Grade."

20+ Coloring Pages Featuring Cute Animals, cake, trees and other fun themes that kids love. We also includes a few find and color activity pages.

80+ Activity Pages Featuring Mazes, Math Games, Puzzles, Word Games and More!!

30+ MANDALA Coloring Pages

The last section of this book includes over thirty mandala coloring pages. The first few mandalas are fairly basic, and the other mandala designs gradually become more difficult as you turn through the pages. Coloring mandalas is especially beneficial for first grade children because the mandala designs mimic shapes in nature and weave together in a pattern. If you look deeply you will see mandalas everywhere in the natural world. Mandala designs promote relaxation, concentration and harmony, especially among children. You might also enjoy coloring in beautiful mandala designs with your child.

45+ Pages for Drawing and Writing

The last section of this book features 45+ pages for drawing and writing. Kids can draw pictures and write about what they see or they can create stories and paste stickers in this section.

PLEASE NOTE: This book is best for crayons or colored pencils. Some markers may bleed through the page, so please avoid using markers. Many of the images are centered on the page and some are placed more towards the bottom or top of the page, depending on the type of image. Some of the images also take up the entire page. :)
