## **Full Moon** Paul Stefko

*You came here to get rich. You harvest metals and silicon for space construction. You mine He-3 for fusion power. You spend weeks alone, surveying tens of thousands of square miles. At the end of the month, you come to town, accounts flush with currency. You came here to start over. You've done things you can't talk about to anyone. Things you aren't proud of. Up here, nobody gives a damn. You can keep yourself to yourself, as long as you don't piss anybody off. You came here to live free. No government. No taxes. No prisons. No law at all. Or so they said. You came here looking for something you couldn't find on Earth. Good luck with that.* **Full Moon** is a roleplaying game about life on the lunar frontier. Your characters are lonely prospectors, ambitious criminals, or plain folk just hoping for a better life. Factions struggle to build a community in this unforgiving place. Will you throw in with one? Or will you make a name for yourselves on your own terms?

- Uses a streamlined version of the Fate system.
- Conflicts range from one-on-one gunfights to struggles that shape the entire setting.
- Build your own campaign world or use the sample setting for quick play.
- Includes a complete adventure that can frame an entire campaign.
