## **The Law** Frederic Bastiat

2011 Reprint of 1950 American Edition. Full facsimile of the original edition, not reproduced with Optical Recognition Software. Frederic Bastiat (1801-1850) was a French economist, statesman and author. He did most of his writing during the years just before and just following the Revolution of February 1848 in France. This was the period during which France was turning to Socialism. "The Law" is here presented again because the same situation was perceived to be transpiring in America in 1950, when this translation was first published. The explanations and arguments then advanced against socialism by Mr. Bastiat are were equally relevant for many Americans in the 1950s.
