**Lust to Kill: The Rise and Fall of Idi Amin** Joseph Kamau, Andrew Cameron

From the back cover: The authors of this book, two Kenyan journalists whose identities must remain secret for a very real fear of reprisals, have kept a close watch on the man whose name must rank alongside Hitler as one of the vilest tyrants of the Twentieth Century. They have met with him on numerous occasions and have risked their lives to bring this shattering document to the world. It is a startling, frightening expose of uncompromising evil. It must be read in order to understand the truth behind the headlines. (Book includes 16 pages of photos, some of which are gross.)
