## **Life So Far: A Memoir** Betty Friedan

It was Betty Friedan herself, in *Life So Far*, who spoke about her life and career and told us what it was all like from the inside. With the unsparing frankness that made *The Feminine Mystique* one of the most influential books of the century, Friedan looked back and told us what it took, and what it cost, to change the world. She took us on an intimate journey through her life, from her lonely childhood to the founding of NOW and her brilliant, contentious, and brave leadership of the Movement.

*Life So Far* chronicles the secret underground of women in Washington in the early sixties who drafted Friedan to spearhead an "NAACP" for women, and the daring of many who spoke out against discrimination. Friedan recounts the political infighting and dirty tricks that occurred within the Movement as well as the forces that tried to destroy it and how hard she fought to keep the Movement practical and free of extremism, including "man-hating." Friedan is equally frank about her twenty-two-year marriage to an advertising entrepreneur, which deteriorated into physical abuse. They later reconciled as friends.

*Life So Far* is forthright, full of stories and larger-than-life characters, and it is the scope of Friedan's vision and achievements that makes her memoir so important and compelling.

### From reader reviews:

#### Arthur Atwood:

Do you have favorite book? When you have, what is your favorite's book? Book is very important thing for us to find out everything in the world. Each e-book has different aim or even goal; it means that book has different type. Some people really feel enjoy to spend their time for you to read a book. They can be reading whatever they get because their hobby will be reading a book. What about the person who don't like reading through a book? Sometime, particular person feel need book once they found difficult problem or maybe exercise. Well, probably you will need this Life So Far: A Memoir.

#### Jose Holmes:

What do you concerning book? It is not important with you? Or just adding material when you really need something to explain what your own problem? How about your free time? Or are you busy man or woman? If you don't have spare time to try and do others business, it is make you feel bored faster. And you have spare time? What did you do? Every individual has many questions above. The doctor has to answer that question mainly because just their can do that will. It said that about reserve. Book is familiar in each person. Yes, it is suitable. Because start from on kindergarten until university need this kind of Life So Far: A Memoir to read.

#### Denise Barnhart:

The reason why? Because this Life So Far: A Memoir is an unordinary book that the inside of the reserve waiting for you to snap that but latter it will distress you with the secret this inside. Reading this book beside it was fantastic author who else write the book in such awesome way makes the content interior easier to understand, entertaining means but still convey the meaning entirely. So , it is good for you because of not hesitating having this any more or you going to regret it. This excellent book will give you a lot of gains than the other book include such as help improving your proficiency and your critical thinking way. So , still want to hold off having that book? If I had been you I will go to the guide store hurriedly.

#### Brooks Davis:

Do you have something that that suits you such as book? The e-book lovers usually prefer to select book like comic, short story and the biggest one is novel. Now, why not striving Life So Far: A Memoir that give your satisfaction preference will be satisfied by reading this book. Reading behavior all over the world can be said as the opportunity for people to know world much better then how they react in the direction of the world. It can't be said constantly that reading addiction only for the geeky particular person but for all of you who wants to possibly be success person. So , for every you who want to start reading as your good habit, you may pick Life So Far: A Memoir become your own starter.
