BOOK #1: 35 Techniques You Can Apply To Live Off The Grid And Be Self Sufficient

Have you ever wanted to leave your day job behind? Are you terrified of the idea that you will spend the rest of your life working all day, just to pay for a mortgage?

Everyone can learn something of value from the helpful, easy-to-follow tips that are contained within these pages.

Here is what you will learn after reading this book:

- There is no need to buy all of the consumer items that currently control your world
- Living off the grid doesn't mean being isolated in the middle of nowhere
- People all over the world are finding out how easy it is to grow their own food, make their own clothes, and live without giving money to big corporations
- You can live a free life that makes you and your family happy
- You can eat fresh produce that you grew yourself, free of pesticides and chemicals
- You can learn how to live without wasting your time paying huge power bills
- There is no need to give up electricity and modern luxuries either

BOOK #2: Practical Lessons on How To Live Off the Grid and Enjoy A Stress-Free Life

Have you grown tired of living in the modern world? Everyone is always rushing around, trying to find a way to make more money, struggling just to stay afloat. You don't have to live on the streets to go off the grid – but going off the grid can stop you from becoming homeless! It's a cheap, freeing, easy kind of lifestyle.

Here is what you will learn after reading this book:

- Providing for yourself, and living a comfortable life
- How to be self-sufficient, strong, and independent
- How to care for yourselves, and stay in touch with the earth

BOOK #3: Master Your Talent for Wilderness Survival

This book is about taking fundamental elements of survival in the wilderness to the next level – to learn advanced techniques for survival that will increase the reader's odds in the wilderness. Regardless of physical stature, of socioeconomic status, this book will provide everyone with vital information for survival in the wilderness.

Here is what you will learn after reading this book:

- **Shelter.** Without shelter, you are exposed to the elements and when exposed to the elements for too long, you're going to die. We will discuss where to build your shelter, identification of materials needed to build your shelter and how to build that shelter.
- **Water.** It's been said that in the wilderness, there are two types of water – the type you need to have to survive and the kind that will kill you. We will learn techniques to gather potable water and obvious techniques to avoid water that will kill you.
- **Food.** The goal is to be rescued, to return to civilization as we understand it and without food, there is no energy. We will take a look at techniques to gather food, some of the foods that are fit to eat and some that are not.
- **Fire.** Fire is used to cook food, to boil water for safe consumption and to keep the body warm in cold temperatures. Knowing how and where to build a fire can be the deciding factor as to whether you live or die. You will learn the three key elements needed to have fire, you'll learn how and where to build a fire to increase probability of rescue as well.
