**Women's Gynecologic Health** Kerri Durnell Schuiling, Frances E. Likis

Women's Gynecologic Health, Third Edition is a comprehensive text that equips students and practicing clinicians with a strong foundation in women's gynecologic health, including health promotion, maintenance, and treatment. Based on the most recent research and evidence, it provides authoritative content written from a feminist perspective to convey a holistic approach to care. Completely updated and revised, it includes clinical considerations specific to the different physical and psychosocial life stages of women, an emphasis on physiologic mechanisms in order to enhance understanding of normal and abnormal processes, and evidence-based content. The Third Edition includes a new chapter on prenatal and postpartum care, a new section on highly effective long-acting reversible contraception (LARC) for adults and adolescents, expanded content on caring for lesbian, bisexual, queer, transgender, and gender non-forming people, and current standards and recommendations for care. Each new print copy includes Navigate 2 Advantage Access that unlocks a comprehensive and interactive eBook, student practice activities and assessments, a full suite of instructor resources, and learning analytics reporting tools.
