**Does God Believe in Atheists?: How past atheist and agnostic thinking shapes people's thinking today**  
John Blanchard

This award-winning title traces the development of atheistic and agnostic thinking over the past 2,500 years and shows how thinkers like Immanuel Kant, Friedrich Nietzsche, Albert Camus, Jean-Paul Sartre, Bertrand Russell and others have shaped many people's thinking today.

It also pinpoints the flaws in Darwinian evolutionism and in claims made for it by Richard Dawkins, Christopher Hitchens and others, explains why secular humanism self-destructs, reveals why there is no conflict between science and belief in God, exposes fatal errors in nine world religions and fourteen major cults and shows why the existence of evil and suffering is no reason to deny God's existence.

Newly updated with an Appendix - 'Dealing with Dawkins'
