A Dictionary of Chemistry (Oxford Quick Reference)

A Dictionary of Chemistry (Oxford Quick Reference)

Fully revised and updated, the seventh edition of this popular dictionary is the ideal reference resource for students of chemistry, either at school or at university. With over 5000 entries?over 175 new to this edition?it covers all aspects of chemistry, from physical chemistry to biochemistry.

The seventh edition boasts broader coverage in areas such as nuclear magnetic resonance, polymer chemistry, nanotechnology and graphene, and absolute configuration, increasing the dictionary's appeal to students in these fields.

New diagrams have been added and existing diagrams updated to illustrate topics that would benefit from a visual aid. There are also biographical entries on key figures, featured entries on major topics such as polymers and crystal defects, and a chronology charting the main discoveries in atomic theory, biochemistry, explosives, and plastics.

From reader reviews:

Andrew Parker:

What do you in relation to book? It is not important together with you? Or just adding material if you want something to explain what you problem? How about your time? Or are you busy person? If you don't have spare time to complete others business, it is gives you the sense of being bored faster. And you have free time? What did you do? All people has many questions above. They need to answer that question due to the fact just their can do that will. It said that about guide. Book is familiar in each person. Yes, it is appropriate. Because start from on jardín de infancia until university need this A Dictionary of Chemistry (Oxford Quick Reference) to read.

Connie Simpson:

Are you kind of hectic person, only have 10 or even 15 minute in your day to upgrading your mind expertise or thinking skill possibly analytical thinking? Then you are having problem with the book in comparison with can satisfy your limited time to read it because pretty much everything time you only find publication that need more time to be learn. A Dictionary of Chemistry (Oxford Quick Reference) can be your answer because it can be read by an individual who have those short extra time problems.

Rex Oswald:

As a pupil exactly feel bored to be able to reading. If their teacher requested them to go to the library or even make summary for some guide, they are complained. Just very little students that has reading's spirit or real their passion. They just do what the trainer want, like asked to go to the library. They go to right now there but nothing reading really. Any students feel that reading through is not important, boring and also can't see colorful photos on there. Yeah, it is to get complicated. Book is very important for you. As we know that on this era, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore this A Dictionary of Chemistry (Oxford Quick Reference) can make you experience more interested to read.

Janelle Coe:

Many people said that they feel fed up when they reading a e-book. They are directly felt this when they get a half elements of the book. You can choose often the book A Dictionary of Chemistry (Oxford Quick Reference) to make your own reading is interesting. Your skill of reading ability is developing when you similar to reading. Try to choose easy book to make you enjoy to see it and mingle the sensation about book and studying especially. It is to be initial opinion for you to like to wide open a book and examine it. Beside that the publication A Dictionary of Chemistry (Oxford Quick Reference) can to be a newly purchased friend when you're truly feel alone and confuse in what must you're doing of this time.
